

Edible Blood

IT'S HALLOWEEN NIGHT, and a starving vampire is knocking down your door. You have absolutely no desire to open one of your veins for him, so what will you give him as a substitute? Here's a simple answer: supply him with your homemade fake blood and send him on his way to other victims.

INGREDIENTS

- 1/2 cup creamy peanut butter (chunk is too "clotty" for most vampires)
- 2 cups light corn syrup
- 1 1/2 teaspoons red food coloring
- 7-8 drops blue food coloring

DIRECTIONS

1. Mix peanut butter with enough corn syrup to make it runny.
2. Add food coloring and mix well.
3. Add remaining corn syrup and shake well.
4. If mixture is still too thick, add water, a little bit at a time, until desired consistency is reached.
