

A Flower Family

by Lisa Rose
Art by Brigid Malloy

Is your family ready to bloom?

What You'll Need:

craft sticks

green paint

paintbrush

pencil

colorful construction

paper

scissors

glue

photos or small drawings of

your loved ones: family

members, special people,

pets

What to Do:

1. With a grownup, paint a craft stick green. This will be your flower stem.
2. While the craft stick dries, trace your hand on a piece of construction paper. Cut out your handprint. This will be your flower.
3. Trim a photo or drawing to fit your flower, and glue it on the flower. Let the glue dry.
4. Glue the flower to the stem.
5. If you would like, you can cut out paper leaves and glue them to the stem, too.

You can make as many flowers as you would like. When you are finished, share this beautiful bouquet of flowers with somebody who is special to you!
