

# PUMPKIN HAT

WHETHER YOU'RE TRICK-OR-TREATING or starring in your own production of "The Ugliest Pumpkin" (page 12), this hat will help you be the orangest, roundest, bravest pumpkin you can be!

## What You'll Need:

## What to Do:

1. Paint the outside of the bowl orange and the cork green. Leave them to dry.
2. Cut a leaf out of green construction paper. Once the paint is dry, glue the leaf to the top of the bowl. Then, glue the green cork on to make the stem.
3. When glue is dry, wrap the pipe cleaner around the cork and twirl the ends with your fingers to make a springy vine
4. Punch a hole on each side of the bowl. With an adult's help, measure and cut a piece of elastic cord to fit under your chin. Tie each end of the elastic to a hole. Put on your hat and take a bow!
